

TCM Forklift Parts

TCM Forklift Parts - In the global industry of material handling, lift trucks play a major part for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in the United States, lift trucks gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread worldwide.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first lift truck. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than 50 years of accumulated expertise and technology, TCM has been proudly manufacturing various models of industrial lift trucks, making their models recognizable all over the world. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling business.
