

Cascade Clamps

Cascade Clamps - Cascade Manufacturing Company was established in Portland, Oregon in 1943. They began as a small machine shop in the beginning employing four people. Sales for their first year of operation totaled sixty thousand dollars. The very first recorded sales revenues involved the machining and assembly of stainless-steel valves, pipe fittings and various components. During 5 years of operation, the business had expanded to 40 staff and their yearly sales volume had increased to three hundred thirty thousand dollars. Nowadays, Cascade is among the top global makers in the material handling trade.

Design and manufacturing of the company's original hydraulic cylinder allowed this young business to aggressively pursue better business opportunities. All through the final 60 years, the trade of material handling has grown into a very advanced area with Cascade proudly playing a part in its development. Cascade at present continues to grow as the best supplier of forklift attachments and various associated products. The business feels confident in their skill so as to continue to lead the way in the business by understanding client's needs in the future and remaining competitive within the international market.

In the nineteen fifties, Cascade began designing, making and selling hydraulic attachments. Construction was finished in the year 1956 on a new facility so as to accommodate all office and plant operations in Portland, Oregon at the company's present center of operations. Following fifteen years of business, total staff reached 180 staff and sales had reached almost 2.3 million dollars.

1959 in Springfield, Ohio the next manufacturing facility was built. The year 1960 marked Cascade's initial transfer into the international world of the material handling industry when the business recognized interest in Australia, the Netherlands and England.

In the year 1964, the company altered its name to the Cascade Corporation. Afterward in the year 1965, the company went public with an initial offering of 200,000 shares of common stock. Ever since then the business has expanded its manufacturing amenities within the continental USA to the places Warner Robins Georgia to go along with its already existing plants in Portland, Oregon and Springfield, Ohio. Cascade merchandise are manufactured worldwide because of lots of subsidiary operations. In the year 1944, a brand new plant was accomplished in Almere, the Netherlands which is Cascade's European control center. This facility is made to be the essential customer service centre.

Continuing to grow, Cascade expanded their product offering further in 1996 and 1997 with the remarkable acquisition of 5 corporations, together with the worldwide best in forks, the Kenhar Corporation.
